# FERGIE'S MEXICO

The Dutchess, whose paternal great-grandmother was born in Guanajuato, shares her favorite memories of traveling to Mexico.

**1. & 6.** "As an adult, my favorite place to visit is Cabo San Lucas. I love staying at the **Esperanza** resort because they teach a painting class right on the beach. It's great! I also love **Las Ventanas** because they have an amazing ceviche class."

**2. & 3.** "Tijuana and Rosarito Beach were great mini-vacations and an excuse for me to go to clubs in high school and when I was in my early 20s. I always had fun at Papas & Beer and Rock 'N Roll Taco."

**5.** "My best memory of Mexico was when I went on a **Carnival** cruise to the Mexican Riviera. I went on the same one three times! I even won a limbo contest. My friends and I didn't go on our high school senior trip; we went on the cruise instead. We had so much fun at Señor Frog's."

**4.** "My favorite Mexican dishes are *chiles rellenos* and *tacos de pescado*."
